

CYROD TECHNOLOGIES INC. SIGNS ALL AMERICAN AS NORTH AMERICAN DISTRIBUTOR

Toronto, Canada, June 2, 2008 – Cyrod Technologies Inc. today announced that All American has been added as a full stocking North American distributor for all Cyrod products and services. All American has fully trained Field Applications Engineers and a broad customer base in the US. This addition greatly extends Cyrod's reach into the 8051 microcontroller (MCU) market.

With the launch of Cyrod's new, high-performance single-cycle (1T) MCU's a technically capable sales force backed up by fully qualified applications engineers was needed for Cyrod's distribution channel in North America and All American fills that need.

About Cyrod Technologies

Cyrod Technologies Inc., is a fabless semiconductor company focused on the 8051 microcontroller unit (MCU) market. In October 2006, Cyrod announced that it had completed an agreement with Ramtron International Inc., to acquire Ramtron's 8051 production MCU business (formerly Goal Semiconductor). Corporate headquarters are located at 4261 Highway 7, East, Suite 290, Markham, ON Canada. Telephone: +1.905.910-0611. For more information on Cyrod's MCU products, please visit our web site at www.cyrod.com.
